

APPENDIX 3

DISTRIBUTION CODES

1. GENERAL. The distribution code is a two part field which is contained in card columns (cc) 54-56. The first part (cc 54) indicates the activity who will be furnished 100% supply and shipment status on all priorities in addition to status furnished in accordance with the Media & Status (M&S) code entry in cc 7. When the M&S code is 0, 8 or Y, the activity designated by cc 54 is responsible for furnishing status to other status eligible recipients. The second part (cc 55 and 56) indicates the cognizance symbol (see appendix 18) and is significant only to the service initiating the requisition. Distribution codes always will be perpetuated on other documents. DOD codes will be recognized by all services and agencies. This appendix is arranged in Parts as follows:

Part A: Air Force Distribution Codes

Part B: Army Distribution Codes

Part C: Coast Guard Distribution Codes

Part D: Defense Logistics Agency Distribution Codes

Part E: Department Of Defense Distribution Codes

Part F: Marine Corps Distribution Codes

Part G: Navy Distribution Codes
